

OUR BACKING & TOPCOATS

Hi-Loft^{2™}

Hi-Loft^{2™} is a specialty knitted textile manufactured with 100% polyester yarns aimed at creating a backing with bulk, strength, and unusual softness. When combined with a vinyl surface, an extremely soft hand quality is achieved without sacrificing product performance.

Hi-Loft flex[®]

A new backing engineered to provide enhanced tailorability and exceptional durability, Spradling's Hi-Loft Flex[®] was designed expressly for the new aftermarket automotive collection. The Hi-Loft Flex backing allows the professional trimmer to easily replicate an original interior, and design or create a new design element from scratch.

ULTRA Hi-Loft^{2™}

Spradling's knitting division engineered this new textile backing featuring a brushed process, to raise the nap of the textile and give our premium, faux leather and geo texture products a softer, lush quality. Guardian and Hitch patterns include Ultra Hi-Loft.

Hi-Loft3R[®] REDUCE REUSE RECYCLE

Reduce Reuse Recycle defines Spradling's commitment to sustainability with its Hi-Loft 3R backing. Made from 100% post-consumer recycled polyester yarn, this version of Hi-Loft backing adds value to the supply chain while providing performance and comfort to Spradling's coated fabric upholstery.

FINISHES

PERMABLOK^{3®} ADVANCED VINYL PROTECTION

PERMABLOK^{3®} from Spradling is a proven vinyl protective coating that's engineered to create a tough, effective barrier against the three biggest problems encountered in healthcare and hospitality environments.

PERMAGUARD[®] SUPERIOR STAIN RESISTANCE

Spradling's proprietary barrier coating makes maintenance easy. Most difficult stains are effortlessly cleaned with a dry tissue, while stubborn soiling may be eliminated with a mix of isopropyl alcohol and water.

Not only do stains disappear in seconds, but PERMAGUARD[®] provides unequalled resistance to scratches, scuffs, and abrasion.

PBG+[®] PERMABLOK^{3®} PERMAGUARD[®]

Spradling provides the ultimate solution for surface protection by combining the chemistries of the two most effective defense systems against stains, bacteria, and abrasion: PERMABLOK^{3®} and PERMAGUARD[®].

Ag SILVERGUARD[®] SILVER ION TECHNOLOGY

SILVERGUARD[®] is a natural environmentally friendly bacteria-fighting defense to inhibit odor and stain causing bacteria, plus the SILVERGUARD[®] technology is EPA registered.

OUR BRANDS

SOFTSIDE

SOFTSIDE[®], from Spradling, is the leading automotive and marine vinyl in the industry. Its unique backing makes SOFTSIDE easier to maneuver around difficult contours, ensuring a beautiful finish on every job. SOFTSIDE is available in 283 colors, including spot-on matches of automotive and marine OEM colors.

COMPASSHB[™] HYBRID MARINE FLOORING

Spradling takes flooring in a whole new direction with COMPASS HB[™]. It's the latest, most innovative floorcovering to be introduced to the marine industry in years! This patent-pending construction uses woven PVC and polypropylene yarns to achieve extreme durability for long-term performance and value.

INTAGLIODESIGNS[®]

A cut above in design technology, Intaglio Designs[®] were developed using a unique and exclusive technique which creates a refined dimensional appearance similar to the antique engravings. Spradling uses this art form to bring customers an array of traditional and innovative designs.

EZ Vinyl[™], from Spradling, is an attractively priced, all-purpose solution for your automotive, marine, and general upholstery needs. With a 100% polyester fabric backing and virgin vinyl surface, EZ Vinyl[™] is durable and easily cleaned.
